Kansas City, Mo., Closes Smart City RFP Without a Selection
After a year of reviewing potential private-sector partners, Kansas City opted to move forward with its smart city efforts without selecting a "program manager," and will work to develop a "smart city action plan." READ MORE

Banning Facial Recognition Tech Moves Safety Backwards (Contributed)
When cities like San Francisco block the use of a technology that

continues to mature, they stall its progress towards becoming a safe and useful tool for public safety. Education and regulation should be the responses. READ MORE
